Survivors honored: over 17,500

Research

Funds to Komen National Research Grant Program: \$2,486,511.16

National grants funded in Idaho and Montana: \$630,000

* Frontier counties are the most remote and sparsely populated places along the rural-urban continuum, with residents far from healthcare, schools, grocery stores, and other necessities. Frontier is often thought of in terms of population density and distance in minutes and miles to population centers and other resources, such as hospitals.
